Falmer High is Brighton and Hove's only full service extended school. As such we are dedicated to working closely with the local community in order to provide learning and other opportunities for local people. One important aspect of our work is to promote healthy living through active participation in sport.

The Bridge and Falmer Fun Day is an annual community event that attracts lots of local people to the school site to participate in numerous activities and have a huge amount of fun. As part of the day's events, we have traditionally organised a football tournament for local schools and clubs on a fairly small scale but with a great deal of success.

This year we want to build on that success by offering a much larger competition for local teams and schools. Teams will be invited from the immediate area, the wider community and slightly further a field. The event will provide a fantastic opportunity for players to experience playing in a large tournament on our expansive playing fields.

The 2008 Fun Day six-a-side football tournament is an excellent example of how the school can provide local teams with the opportunity to participate in a sports competition. We guarantee that participants will get lots of exercise and have loads of fun and enjoyment. There will be trophies and medals for the winners and runners up. Plus, players and their families can join in the rest of the Fun Day activities on the school site when they are not playing. Our very own fully qualified chef will be providing food throughout the day.

If you have any queries regarding the tournament please do not hesitate to contact me.

Yours in Sport

Glenn
